ROSWELL ! ROSWELL ! ROSWELL ! WHEN WILL THE SEARCH EVER END ?
WHO IS BRAVE ENOUGH TO COME FORWARD WITH THE ULTIMATE TRUTH ?

In every Ufo and Alien contact report, we come up with the same image as printed on this Newsletter Issue. Bentwaters in England is in the same situation.

IUFOPRA looks into the Bentwaters Ufo and Alien contact Reports in our next issue of the Newsletter.

TV/NOTAM:

TV/Movie: A new TV series on UFOs called "ENCOUNTERS" has just been screened by the Fox Network in America. If it ever reaches this side of the world [perhaps Sky One might buy it] it should prove to be an interesting programme to watch out for.

ALIEN ADVERTS:

It can only happen in America! Yes, what other country in the world [sorry universe] would use an alien to advertise a product. The Pioneer Corporation of Japan have decided to use "Aliens" to advertise their new state-of-the-art Laser Disc Player which comes with a CD-Rom and [wait for it] 3D Glasses. Now we know why they come here! To buy our CDs and wear 3D Glasses. So if you see someone in your local CD store wearing 3D Glasses.....

FORTHCOMING VIDEO:

A very "interesting" video is soon to be available in America. Called "Billy Meier Exposed" the makers of the video - Underground Video - now claim that the Meier Case is a Hoax. After undertaking extensive research for six months with the assistance of Cinematographers, Physicists and Computer Analysis from a company called "TOTAL RESEARCH", they discovered miniature models, and a variety of deceptive methods used to create this hoax. They also claim that representations of any authenticity regarding this case made by alleged scientific examination has proved to be totally unreliable and misleads the general public into believing it to be a carefully fabricated lie. They also claim that the persons who authenticated the Meier case are not credible scientists nor Investigators. So is it a hoax or is it not? Assuming that it is, then we have to consider that Gulf Breeze could possibly be too or maybe not? Not having viewed the video we are unable to speculate any further on these startling claims! Should it become available here we will of course be in a better position to comment upon it after we view it.

ROSWELL UPDATE:

IUFOPRA has learned that the Central Independent Production of UFO-THE UNTOLD STORIES, which was due to be screened by the ITV Network in late October, has been cancelled indefinitely. We can only wonder as to why Central Independent Productions took the decision not to screen it at this time. Is it because it contained a segment on Roswell which may have had some new information that was not released before or were they warned by the M.O.D. not to do so. We can only wait and see what happens and if we should receive any further information we will keep you posted.

It now seems that new information has surfaced on the Roswell Aliens since the release of "ROSWELL THE MOVIE" in America. According to most recent reports, their eyes were very Asian in appearance. They were slanted with pupils, irises and whites. They were also inset along with the bridge of a tiny residual nose. Their skin was very smooth, with a very Albino-like paleness. There were five in all and they stood approximately four feet, three inches. They were totally bald and completely hairless. Other recent descriptions given of the Aliens show no similarity at all with those "other famous Roswell Photographs" which claim to show one of the Aliens, with Oriental looking eyes, lying dead in a Blue Suit with a zipper on it. This particular photograph which is perhaps the most popular and well-known of the Roswell Alien photograph, the original of which is supposed to be in the possession of the Soviet Cosmonaut and Scientist Marina Popovitch. So why after all these years do we now have what appears to be a completely different description of the Roswell Aliens? Assuming that the original (Blue Suit) is a fake, then who was behind it and what was their motive or reason for producing such a picture? On the other hand if it is true who was the photographer at Roswell that day then why was he given access and allowed to photograph something that was considered sensitive and secretive by the Military?

Cont; Overleaf.

Page 2.

There are also many rumours as to what became of the Alien who survived the crash. One claims that the survivor was flown to John Hopkins Medical Center for study. Another, that the Alien was transferred to a security facility in Florida. Yet, a third rumour claims that a former undercover FBI Agent, a Doctor, told her family that she had examined the spinal structure of the Alien after it had died of its critical injuries. She was then flown to Washington DC where she was debriefed. She was instructed not to break the Security, to remain silent or she would lose her practice and be killed.

More on Roswell next month.

Issue 5 of the IUFOFRA JOURNAL is in its early production stages at the moment and will be available very soon.

THANKS! THANKS! THANKS!

The Directors of IUFOFRA would like to say a big "Thankyou" to everyone who wrote to us re: our interview on "Talk Radio" in August and for the strong show of support and advice which we received. It was very much appreciated by both of us and your advice and suggestions have been taken and duly noted.

SPECIAL MENTION:

The Directors and Committee of IUFOFRA were very privileged to have at our Committee Meeting of Monday, 26th, Sept, Our Regional Officer from Northern Ireland, Mr. Denis Harper, who is an Expert in the field of Research and the study of the Paranormal, and also Founder Director of NIPRA in Northern Ireland. We found his talk on the Paranormal very interesting but mind boggling. We hope to publish some of his writings in the near future. Thanks again Denis!

EXTRA MOBILE PHONE NEWS:

In the very near future, Eircell are introducing an extra service to mobile phone owners. To give you our Members one example. You phone the IUFOFRA PHONE NUMBER. You don't get an answer. =====
REMINDING OUR MEMBERS AGAIN OF THESE VERY IMPORTANT POINTS TO NOTE:
=====

TEN POINTS TO NOTE IF YOU SHOULD SEE A UFO OR EXPERIENCE A
CLOSE ENCOUNTER :-

NB:- YOU ARE ADVISED TO TAKE THESE POINTS VERY SERIOUSLY:

=====
(1) Do not approach the landed UFO within 10 feet and try to remain
under cover if possible.

(2) Never touch the UFO. This could be very dangerous.

(3) If you are alone, look for another possible witness, to verify
your sighting, but do not spend too much time on fruitless searching
for other people.

(4) Try not to interfere with the activities of a UFO occupant. It may
be hostile or indifferent to your fragility. If it shows signs of wishing to
communicate, comply as best you can. Try not to allow your natural panic to
prevent you from doing so.

(5) Try to memorize as much as you can about the UFO and what it does
and about any occupants and what they do.

(6) Try to be aware of the time throughout the incident. This is most
important.

(7) If you have a camera with you, try to take as many photographs as
you can. Also, try to photograph landmarks, preferably in the same
frame as the UFO for comparison purposes. Photograph the occupant if
they do not appear to be hostile towards you. When the UFO is gone,
look for signs that it was there and make special note of them so that
they can be found again.

(8) After the experience is finished, you should consult your doctor
as soon as possible to make sure that you are not suffering from
exposure to large doses of radiation or from some other sickness. Also ask
him if it would be wise to consult a psychiatrist. This is not as silly as
it sounds. You could be suffering from shock or you could even have
hallucinated the entire episode as a result of a mental illness of which you
were not even aware of.

(9) As soon as you can, write down everything you can remember about
the experience. Make as many drawings as possible. You should repeat
this about four days later without looking at your previous effort.
Comparison should only be made after you are satisfied that you have
completed the second effort.

(10) As soon after the incident as possible, contact IUFOPRA, at Box 3070,
Whitehall, Dublin, 9. And make your report to them as clearly and precisely
as you can. You should make a point of telling them if there were any marks
on the ground or if you received any burns or rashes. A Witness Report form
will be sent to witnesses, the form contains questions vital to a concise
report.

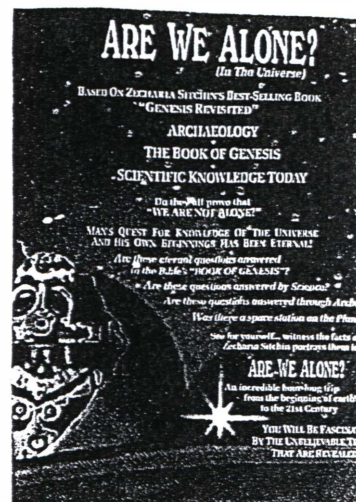

NB : - All reports will be treated in the strictest of confidentiality.

Aliens could not have written a better book...

"Bravo! *Alien Identities* is the much searched for Rosetta Stone of UFO literature."

- Clark C. McClelland, pioneer NASA aerospace engineer, U.S. Space Program,
Kennedy Space Center, Florida

What others say about Alien Identities:

"Hitherto, I had never heard of Richard Thompson, and now I wish I had heard of him years ago, because this book is brilliant. His work is both universal and detailed...I highly recommend this book to the readership." - Ken Phillips, Editor, UFO Times

"*Alien Identities* is absolutely seminal, a real groundbreaker. It looks at this peculiar phenomenon with marvelous insight and imagination, and is a "must-read" addition to the field." - Whitley Strieber, bestselling UFO author

"I have seen a lot of UFO literature over the years, and recommend relatively few items, but make an exception for *Alien Identities*. I commend it to serious researchers." - Lionel Beer, founder and vice-president, British UFO Research Association (BUFORA)

"Thompson's grasp of the modern UFO epoch is the most interesting and unbiased of recent years. *Alien Identities* is a whale of a book. Make no mistake. This is a book to be reckoned with." - UFO Magazine

The Author:

Richard L. Thompson, the author of five books and four videos on science and philosophy, received his Ph.D. in mathematics from Cornell University. He brings two kinds of expertise to the field of UFO investigations. The first is 20 years of scientific research and publishing in fields ranging from mathematical biology to NASA-funded work in satellite remote sensing. The second is a long and deep acquaintance with the cosmological literature of ancient India's Vedic culture.

Dr. Thompson's other books include the controversial *Forbidden Archeology*, also available from BBL.
